**For Immediate Release**

**August 23, 2016**

**Let's Keep Everyone Safe this Harvest**

Harvest can mean long hours and tight timelines as a year's worth of planning comes down to a few weeks. Let's work together to keep everyone safe in the field, on the road, and on the farm this harvest.

Farm equipment is taller than ever, and cause big problems when working around powerlines. Remember to keep augers and other farm equipment seven meters away from power lines.
