### **BE SEEN AND BE SAFE**

Spring is here, and Alberta farmers and ranchers are back in the fields. This means there will be an increase in slow-moving equipment on rural roads, which can create a hazard for farm equipment operators and motorists.

Remember to share the road and be patient Do not drive in equipment blind spots where operators cannot see you. Keep back a safe distance — at least 50 feet, when following.

Let's keep everyone safe. For more travel tips visit [AgricultureforLife.ca](http://AgricultureforLife.ca).
